Motivation

Background in M.Sc. Computational Modeling and Simulation with strong interest in programming, databases, and hardware-related software development.

Education

2025 – **Master of Science in Computational Modeling and Simulation.**

Present **Technische Universität Dresden, Germany**

GPA: 2.9/5

Main Modules: Machine Learning I, Computer Vision, Scalable Data Engineering, Digital Circuit Technology, Deep Neural Networks

2019 – 2023 **Bachelor of Technology (B.Tech) in Electrical Engineering.**

National Institute of Technology, Raipur, India

Main Modules: AI & ML, Data Science, Deep Learning, Control Systems, Linear Algebra, Computer Programming, Statistics, Information Retrieval

GPA: 8.53 / 10 (Equivalent to GER 1.18/4)

Work Experience

Jan 2026 – **SHK - Social Media Manager, Chair of Highly-Parallel VLSI Systems, TU Dresden, Dresden, Germany.**

Present

- Managed social media presence and digital outreach for the chair's neuromorphic computing research.
- Updated chip design highlights and research publications on the chair's official website.
- Covered the SpiNNaker 2 neuromorphic processor installation and communicated research impact.
- Managing social media presence and digital outreach strategy for the chair's neuromorphic computing research

Sept 2023 – **Software Developer, Bharat Petroleum Corporation Limited, Mumbai, India.**

Sept 2025

- Developed Azure cloud-based data ingestion pipelines processing data from 23000 retail outlets.
- Built 20+ Power BI dashboards for financial, operational, and KPI performance analysis.
- Designed data lake architecture for archiving records, reducing active storage costs by 30 percent.
- Built Azure cloud-based data ingestion pipelines processing data from 23000 retail outlets with preprocessing, filtering, and reporting

Jan 2023 – **Machine Learning Engineer (Full-Time), Quantrium.ai, Remote.**

Sept 2023

- Implemented and validated machine learning models on large real-world datasets.
- Designed data-driven analytics pipelines to optimize chatbot performance and customer engagement.
- Analyzed user interactions to improve response quality and system performance

Nov 2021 – **Data Scientist Intern, Quantrium.ai, Remote.**

Jan 2022

- Built OCR-based system for bank name identification using OCR 2.0 and logo detection.
- Automated transaction classification and data extraction pipelines.
- Implemented and validated machine learning models on large real-world datasets, including preprocessing, training, tuning, and evaluation

- May 2021 – **Machine Learning Intern**, *Quantrium-Tech*, Remote.
July 2021
 - Assisted with documentation of system logic and model behavior.
 - Designed a URL–company mapping algorithm achieving 90% accuracy.
 - Designed a URL–company mapping algorithm achieving 90 percent accuracy

Research & Projects

- May 2022 – **Self-Supervised Multimodal Learning**, *Goethe University Frankfurt (DAAD Summer Research)*.
July 2022
 - Applied Grad-CAM to visualize text–image relations in ALBEF.

Dec 2021 – **Retrosynthetic Planning (Drug Discovery)**, *IIT Hyderabad*.
Mar 2022
 - Investigated Graph Neural Networks for molecular property prediction and autonomous molecule design.

Publications

- 2021 **Multilingual Hate Speech and Offensive Content Detection using Modified Cross-entropy Loss**.
FIRE 2021 (ACM).
Authors: Arka Mitra, **Priyanshu Sankhala**
ceur-ws.org/Vol-3159/T1-34.pdf

Achievements & Certifications

- May – July 2022 **DAAD WISE Scholarship**.
Selected among **124 students** across India for a funded research internship in Germany.
- 2025 **Certified Cyber Warrior – IIT Madras**.
Completed intensive certification in cybersecurity fundamentals covering network security, ethical hacking, vulnerability assessment, and penetration testing methodologies from IIT Madras.

Skills

- Programming Python, SQL, VBA programming, Power Query, Python (advanced), C/C++ (systems-level)
Software and Azure, Power BI, SAP, CRM, Business Warehouse (BW), VBA, Excel, MS Office
Testing
Core Subjects Machine Learning, Computer Vision, Deep Learning, NLP, Numerical Methods
Languages German (B1), English (C1), Hindi (Native), French (A1)

Extracurricular Activities

- Dec 2025 – **Studentenwerk – TU Dresden**, *TU Dresden*.
Present Supporting coordination and communication across diverse student groups, from 9 dormitories into a community gatherings
- Oct 2025 **Volunteer, Bonding-studierendeninitiative e.V.**, *TU Dresden*.
Team member organizing Die Messe (career event) annually.
